

BENT CREEK NEEDS YOUR HELP!

National Trails Day Sat. June 2nd • 8:45 a.m. Pisgah Area SORBA is conducting trail work on Wolf Branch Trail.

Wolf Branch Trail is a heavily used trail in Bent Creek. Because of poor design and heavy usage, the trail is badly eroded and needs major work. **We are in need of volunteers on National Trails Day — Saturday, June 2nd** to give this great trail the attention it deserves. This is your chance to make a difference on the trails you ride, walk and hike. No experience is necessary. Professional trailbuilders will manage the project. We hope to overhaul this trail so that it will be fun, sustaining and challenging for all users. Features added will include new water crossings, bridges, log structures, armored stream fords, and rock gardens. **Come out and help any time! Please spread the word.**

Meet at Rice Pinnacle Parking Lot — 8:45 a.m.

Please bring the following:

- Helmet (bike helmet, hardhat, etc.)
- Work gloves (full finger bike gloves are fine)
- Good footwear- hiking, work boots, bike or running shoes are OK. No sandals.
- Sun glasses or other eye protection
- Water/other drinks - Lunch/snacks
- A willingness to be involved and make a difference.
